Looking for something different, engaging, and effective?

Handwriting Analysis

Book Debbie for a
Talk Story event!

Casual, inclusive, entertaining

Fun and fascinating topic for everyone

Unique tool to open lines of communication and promote understanding

Non-discriminating: age, gender, and ethnicity cannot be revealed in handwriting

Non-judgmental venue for exploring individual strengths and challenges for more effective results

Your combination of slant, size, loops, and lines have no exact match on the planet!

"Your presentation was a huge hit – I am still hearing about it from staff."

- Lois Craig, Chief Operations Officer, People Helping People

Conflict Resolution

Personal empowerment

Fun and entertaining

"Valuable and piercing insight."

- Dee E. training participant

Like brush strokes across a canvas, the marks you leave on the page create a unique personality portrait.

Graphoanalysis® is the scientific study of handwriting to determine the character and personality of the writer. Graphology, the generic term, is catalogued in the Library of Congress under Psychology.

Insightful • Intriguing • Proven

Meet Debbie Jenae

Author, Speaker, Advocate

Debbie has a passion for helping people understand themselves and the challenges they face. She's used many tools, often unconventional, to bring insight and clarity.

"It's all about relationships with your family, your friends, your co-workers, your self."

- Over 40 years in the field of handwriting analysis
- Published more than 300 articles through her columns *Write On!* and *Handwriting@Work* and other media

Her interest, knowledge, and application of handwriting analysis as it relates to behavior, potential, and self-expression, makes her a popular speaker at schools and organizations.

- Master Certified Graphoanalyst
- Graphoanalyst of the Year 2015
- Member, International Graphoanalysis Society since 1983
- Court Appointed Special Advocate and program trainer (8 years), Gov Award Nominee
- Personal experience, study, & training in child abuse trauma & recovery

Comments

The best human exhibit at our Science Night!

- Lorraine, event coordinator

I highly recommend Ms. Debbie Jenae as a Graphoanalyst in the performance of her craft... an invaluable management tool.

- Harry Otsuji, Management Consultant

The students found the presentation enthralling.

- Nancy R., High School Science Teacher

I especially enjoyed the historical perspective you brought to our study of handwriting. They have been looking at their writing in a different light since your visit.

- Rebecca H., 3rd Grade Teacher
