Debbie Jenae, once a painfully shy victim of child abuse, is now a motivational speaker and award-winning author. Her story is heart-breaking, but her insights are profound and surprisingly positive. Debbie's perspective is influenced by:

- Seven years as a court-appointed special advocate
- Personal experience and study in trauma and healing
- A passion for the *alternatives*, such as handwriting analysis (she is master certified), Native American spirituality, and mind-body medicine because these and more were an integral part of her healing.

To expand her reach, she shares hope-filled messages through her two books:

Audiences include:
Survivors, caregivers, agents of change.

*"Amazing" "Very inspiring"
"I love your humor and your heart"*

Debbie is available for seminars, workshops, panel discussions, and consulting.
